CALYSTA owes its success thanks to its people, and we want to make our people proud to make part of this team who work hard every day to deliver high-level quality for its clients.

You will love to work at **CALYSTA**. You will experience a wonderful time in our fast-growing IP firm where you can develop all your talents and grow into an experienced IP profile. Humanity is an aspect that you will find at **CALYSTA**. You will be well guided and trained in your day-to-day job.

CALYSTA will offer and invest in every opportunity to let its people grow with the company Do you want to work in a modern, young, smart, and fast-growing company? Join our experienced and fulfilled team. The company grows and you grow with it!

WHAT WILL BE YOUR JOB ?

As a patent attorney, you play an important role in bringing innovation to the market. You will deal with varied patent cases with a wide variety of clients.

From day one, you will be actively involved in the day-to-day business. You advise clients and help them protect their inventions. You actively support them in managing and developing their patent portfolio. Within the team, you will be supervised by highly experienced patent attorneys.

You will further:

- ▲ Building meaningful trust relationships with clients.
- ▲ Advising clients with respect to all IP assets including strategic advice and administrative procedures to obtain protection of their IP rights.
- ▲ Representing and defending clients' interests (in administrative or judicial procedures).
- ▲ Actively take part in company projects.
- ▲ Work accordingly to **CALYSTA's** guidelines and principles
- ▲ Identify and work on acquisition of new clients

YOUR PROFILE:

Master's degree or doctorate in computer science, physics, mechanical engineering, electrical engineering, or similar

Excellent knowledge of English, and at least one of Dutch and French.

WHAT WE BRING TO YOU:

A challenging position with a lot of variety in a fast-growing organization. An opportunity to develop a wide set of IP skills as a starter in an open-minded environment which is willing to listen to your ideas and approach.

At **CALYSTA** you have real impact, because together with your outstanding, helpful colleagues you look for innovative applications that offer an answer to our business challenges.

WHAT YOU BRING TO US:

- ▲ You have **an eye for detail** and **precision** and you are **well organized and efficient**
- ▲ **Smart** and **ambitious** approach
- ▲ **Fresh** and **motivated** team spirit
- ▲ An eager and **self-learning attitude**
- ▲ You are interested in **broadening your IP knowledge** towards other **IP related matters** ?
- ▲ You are willing to be **client orientated** with a **commercial attitude**, not afraid of working **out of your comfort zone** ?
- ▲ You are **business-oriented** willing to invest time in analyzing **in-depth client's**
- ▲ You want to **work in a new style IP-firm with a start-up atmosphere**

YOU CAN COUNT ON:

A full-time contract for an indefinite period. An attractive salary supplemented with different benefits. A good work – life balance with flexible working hours and the possibility to work 2 days from home. Our office is in Brussels (near the railway station of Diegem).
